

# The Social Side

"A good woman," said the lecturer, "is like a good man." "That's right," interrupted a facetious man in the rear. "Money talks."—Ex-change.

Very few were the calls for Society's special benefit during the week now ending, the Mendel entertainment, the Ott party and the Married Ladies' Euchre Evening reception, all beautifully given, covering the doings. From now on these will become fewer and fewer, as the summer exodus is already planning, leading either to college commencements, the May Musical Festival, the mountains, the sea shore, or the Paris Exposition, the last named trip attracting recruits every day. Excepting the yet to be enjoyed Opera House attractions, indoor entertaining is closed, the closing of the 1899-1900 season being booked for the Wheeling Park Casino, on May 24.

Mrs. Oliver T. Rhodes, of North Main street, returned yesterday from Zanesville, where she spent the week as house guest of relatives.

Miss Laura Crangle Dalzell, of North Chapline street, is home from a lengthy visit in Pittsburgh.

Miss Mary Gardner, who spent the winter with Mr. and Mrs. John Frew, of Fourteenth street, left for her new home in Pittsburgh, to which city her mother, Mrs. Roseman Gardner, recently moved.

Mr. and Mrs. Birney McMechen, of Maples Croft, Pleasant Valley, have returned from New York city.

Mr. and Mrs. J. F. Merriam, and son, Mr. John Donlon Merriam, of North Chapline street, will be at home this month in the Allison flats, on Fifteenth street.

Mrs. Laura Ford Hearne and Mr. and Mrs. H. H. Hearne, of Echo Point, are home from New York.

Mrs. Harry Mendel, of North Front street, beautifully entertained the Inland Euchre Club Wednesday afternoon. This closed, in all probability, the season's entertainment.

Miss Martha Ott delightfully entertained a number of friends, in honor of Miss Mary Gardner, of Pittsburgh, and Miss Mary Alexander, of Canton, at the Ott home, on Fourteenth street. Euchre prize winners were Miss Helen Caldwell and Mr. William Brier.

The Married Ladies' Euchre Club gave a handsome entertainment last evening at Echo Point bar.

The Woman's Club meets this afternoon for rehearsal of "The Hesperus," which is to be sung at the closing concert at the Opera House, the last of this month.

A minstrel show by young ladies of the city, is being arranged for the benefit of Wheeling charity institutions, under the auspices of the Woman's Club, and will be given some time in September. An immense affair will be the outcome.

Signor Riccardo Ricci has arranged a puppet recital for May 15, at Arion hall. The ability of the director assures a musical treat.

The Twilight Club's proposal for a city park on the hill carries with it the earnest assistance of the many philanthropic citizens of Wheeling. Fresh air advantages were inaugurated when George the Garden of Eden as the abode for Adam and Eve.

The Day Nursery incorporators call a meeting for May 12, at the new home, on South Market street, to elect a board and draw up constitution and by-laws. The city is proud of the woman instrumental in this philanthropic achievement.

The many friends of Mrs. H. H. Harrison, of South Front street, will be delighted to learn of her recovery after a serious illness.

Miss Elizabeth List, of Washington City, is the house guest of Miss Fannie Wheat, of North Main street.

Wednesday evening, at Wellsburg, occurred the wedding of Mr. George C. Whitehead, formerly of Wheeling, and Miss Beattie Scott, daughter of Mr. and Mrs. Robert Scott. Among the visitors were the following: Misses Mame Gavin, Clarie Gavin, Mayme Cowl, Mary R. Smith, Mary Whitehead, Stella Whitehead, Mr. and Mrs. Ralph Whitehead, and Messrs. Edward Whitehead, Edward Platt, Alfred Mark of Wheeling, Fred Gladfellow, of Steubenville.

A quiet wedding was solemnized at Steubenville Thursday afternoon, by Rev. W. B. Irwin, of that city, the principals being Mr. Baird C. Nichols, proprietor of the Hotel Nichols, and Miss Mayme Cowl, daughter of Mr. and Mrs. John T. Cowl, of Sixteenth street. It was witnessed by a few friends, and the intention was to keep the affair a secret for awhile, but it leaked out yesterday. Mr. and Mrs. Nichols were bedecked with congratulations. Both are young people with a wide circle of friends, who join in extending felicitations.

**Policemen Will Not Strike.**  
The policemen will not strike for higher wages, as was threatened, for they have received assurances that the council committee on finance will make an appropriation to the police for the payment of the extra man of the force. This concession is satisfactory to the blue coats, who objected to the payment of the extra man of their salaries every month, an item of \$2.25 every month. As stated

in the Intelligencer several days ago, the policemen are paid salaries of \$65 a month, but as they were compelled to lay off one day in the month to give the extra man work and pay him for the same, their salaries were really \$62.75.

## AT THE CITY HALL.

The council committee on refund has been called to meet next Wednesday evening, when it is likely the old refund ordinance will be recommended to be resubmitted to the people at a special election some time in June. The committee in charge is composed of these gentlemen:  
First branch—Waterhouse and W. G. Caldwell.  
Second branch—Klindtberger and Fair.

The council committee on finance was to have met last night to take up the preparation of the annual appropriation ordinance, but in the absence of a quorum, the four members present adjourned without transacting any business. A meeting will be held one evening next week, probably on Monday, said Chairman McMechen last night.

The council committee on police was to have met last night and audited the following bills: Police \$15.34, prison \$12.45. A committee of the workhouse employees

waited on the committee and asked for an increase in salaries from \$40 a month to \$45 or \$50. The committee discussed with Chairman Fair, of the committee on real estate, certain sanitary improvements in the city park section of the city building.

The council committee on petitions and remonstrances is called to meet next Monday evening at 7:30. One or two new licenses and several transfers are to be acted upon, states Chairman Bradbury.

The committee on real estate meets next Monday evening.

## AMUSEMENTS.

James O'Neill, in "The Musketeers," announced for next Monday evening at the Opera House. Already the advance inquiries and bookings for seats seem to indicate that the O'Neill engagement will be a gala event in social and theatrical circles. In the older stage versions, as in the novel, love was no great factor. That deficiency was felt by audiences, and it curtailed the value of various dramatizations. The marked success of this new version by Sydney Grundy has been ascribed considerably to his cure of this fault. He did that by creating a romantic affair of the heart between D'Artagnan, the gallant adventurer, and Constance, the queen's lady in waiting. The lover thus put forward has proven a most congenial character for Mr. O'Neill. D'Artagnan is, without doubt, the best romantic character in stage literature. That Mr. O'Neill above all others is the present day American actor fitted for this character, will not be gainsaid when one remembers that his whole stage career has been developed in the romantic drama.

**Black Patti's Troubadours.**  
Among the novelties in this season's repertoire of Black Patti's Troubadours is an exciting cake-walk contest. This feature has secured a tremendous success everywhere, and it excites an audience into frenzied enthusiasm over the choice of the winning couple. Like all cake walks, the audience acts as judges, and the cake is awarded to the couple receiving the greatest amount of applause. It sometimes happens that the house is divided in its choice of the winner, and the fun begins when the tie is being walked off. The Troubadours are booked for the Opera House next Wednesday evening, May 9.

**Scott Mayor of Bethany.**  
C. B. Scott, candidate for nomination for state senator, was elected mayor of Bethany Thursday, after one of the most exciting contests ever had for any office in the town. Friend and foe marshaled their forces and contested the ground until the last vote was cast and every man in the town had voted. This is the sixth time in the last seven years that Mr. Scott has been elected mayor.

having refused a nomination last year, and this year the nomination was brought to him with this earnest request that he accept. While he is a very busy man, he is always willing to bear his share of the public burdens. After the result was declared many citizens surrounded him and called on him for a speech, to which he replied in a neat address which was greeted with many rounds of applause.

**Drinking With Meals.**  
Medical men have pointed out that man is probably the only animal that drinks while eating, showing how the laws of nature, which are instinctively obeyed by man's inferior, are calmly ignored by him. They recommend discrimination if one must drink while eating, and say that neither flooding the stomach with hydrant water nor absorbing medicinal waters at the table, under the pretense that they are good for this or that ailment, is very judicious.

On the other hand they remark that a natural effervescent water such as Apollinaris, a dietetic table water, can advantageously be drunk at meals, as it promotes digestion, and the danger of diluting the food with an inordinate volume of water is avoided, because an ordinary amount of effervescent water is as satisfactory to the thirst as a much larger quantity of still water.

**Newly Furnished.**  
The Wheeling Business College has just completed the re-furnishing of their telegraph department. New oak operating tables of latest design, new sounders, relays, switchboards, keys, main and local batteries, connections, etc., make it the finest, as well as the most complete telegraph school ever seen in this state and second to none anywhere.

The demand for operators from this school has been so great the past year that they have not been able to furnish more than half the number wanted. Enter now and get a good position.

The Columbus Senators treated the Wheelings to a surprise party yesterday afternoon by winning the first game of the series by a sensational finish right at the wind up. Pardee and Schmidt were the opposing pitchers and the former was remarkably effective until the final eighth, when a base on balls, a triple and a single gave the visitors two runs and the game. Until the eighth the Senators had found Pardee a puzzle, but one hit having been made, Schmidt, although hit for eight safe outs, really pitched great ball. The Stogies' hits being as widely scattered as they could be—one in each inning. Both teams fielded splendidly, the feature being the work of Rothermel at short, who covered acres of territory. Wheeling's only run came in the third inning, when Taylor worked a base on balls, went to third on "Denny" Lyons' slashing single, and scored on the bad throw from Cronin after Lyons had pilfered second.

The Stogies were out of a run in the fourth, when Rothermel worked free passage to first, and traveled around to third on Peguiney's safe drive to center field. Ritter hit a sky-scraper to McAllister in center, and Rothermel tried for the run, but Mac's throw was a beauty and Beville nabbed "Bobby" easily by a foot.

The fire-work came in the eighth. "Crazy" Schmidt, the first batter up, waited and Pardee gave him the desired walk. Then Bradley met one of the Wheeling pitcher's shoots fair and square for a three-bagger along the right field foul line, scoring Schmidt. Francis singled, scoring Bradley with the winning run.

Wheeling made a desperate effort in the ninth. With Rothermel an out, Peguiney sent an easy one down to Francis at third, but "Tommy" was over-anxious and the throw went to the bleachers and Peguiney to second. Ritter hit to Francis, who assisted to first, Peguiney going to third. At last Lytle sent Eddie Poole to bat in Pardee's place, but Schmidt put on steam and struck out the Wheeling man. Score:

## BASE BALL COMMENT.

The Wheelings and Columbus play the second game of the series this afternoon at 3:30 o'clock, and the locals will make a desperate effort to wipe out the disgrace of being defeated by a lot of semi-professionals. The Columbus infield is very weak, and Wheeling ought to win nine out of ten from the crowd. Riley has entered in the Inter-state race.

Pool will pitch this afternoon, and Mahaffey or Wolfe will officiate on the slab for the visitors. Boyd will do the catching for the Wheelings.

Rothermel got a poor start from third in yesterday's game, or the score would have been a tie in the ninth, and doubtless a Wheeling victory.

The Columbus outfield is very strong; Bradley, McAllister and McCann cover lots of territory. Bradley is hitting in fine form.

**Linsly vs. High School.**  
On next Monday the base ball teams representing the Linsly Institute and the City High School will open the inter-scholastic season, on the Island baseball park. Both teams have been engaging in practices and are making every effort to obtain the championship. The Linsly Cadets are very enthusiastic over their prospects; they now hold both the base ball and foot ball championships and are determined to retain them. A large crowd will no doubt witness the game, as an interesting contest is promised.

**Amateur Base Ball.**  
The Will Gutmans will play at Titonville this afternoon, with the following line-up: Horton, Lucas, Hebrank, Peckstun, Dunlap, Stein, Metzger, Criswell, Ritchie, Yocke. Players are requested to meet at Will Gutmans's store at 1:15 p. m. sharp.

The Cathedral High School team defeated the Linsly Institute nine yesterday, 18 to 10, at the tunnel green.

**Mrs. Busby Divorced.**  
INDIANAPOLIS, Ind., May 4.—In court here this evening a divorce and \$1,000 alimony was granted to Mrs. Amos Busby, wife of the base ball pitcher.

**Oscar Gardner Home.**  
Oscar Gardner returned from Louisville last evening, and he went straight to his home, on Fourteenth street. He was tired after the journey, and he will take a good rest. From Thursday to Thursday he met three good men, and defeated them, and his quick disposition of Eddie Santry puts him back in the king-row. It is very likely that he will win the time trial, but he has to beat Oscar who insists that Terry come in at 115 pounds. The Wheeling boxer was accompanied to Louisville by William Winder, who was in his corner at Louisville.

**Walcott Beats Smith.**  
NEW YORK, May 4.—Joe Walcott and Myerful Billy Smith fought twenty-five rounds at catch weights before the Broadway Athletic Club to-night, and Walcott got the decision. This was their fourth meeting. They fought two draws and Smith gained the decision the first time they got together. Smith did not fight with his usual snap and vigor to-night, but he put up a very game battle.

**Boxing May Continue.**  
NEW YORK, May 4.—The police commissioners held a meeting late today, and after referring the matter of boxing licenses to the corporation counsel, passed a resolution declining to grant a license to any boxer.

## Yale vs. California.

NEW HAVEN, Conn., May 4.—Tomorrow's athletic contests between the University of California and Yale on the latter's home grounds are anticipated with much interest by lovers of good sport. There will be eleven points, Yale sending in twenty-four men, with twenty-six entries, and California nine men, with fifteen entries. Only first place shall count because of the small number of Californians, so that it will take six firsts to win the meet. Yale feels reasonably confident that five of the eleven events will be carried off by the blue, and looks for one more in the hurdles, thus taking the meet. The one hundred yard dash, high jump, broad jump, pole vault and hammer throw are conceded to the visitors, leaving the 220 yard hurdles an unknown quantity.

## The First Cyclers' Run.

The first run of the season, that of the Rough Riders' Cycling Club, is called for to-morrow. The route is out the pike to West Liberty, Bathany and Wellsburg, up the river road to Steubenville, where dinner will be had, and down the river road on the Ohio side to Wheeling. The start will be from the corner of Fourteenth and Market streets at 7:30 a. m. All cyclists are invited to participate.

## BRILLIANT MILL

Property Acquired by a Wheeling Syndicate, Headed by George A. Laughlin—A Sheet Mill or Bolt Factory Will be Erected, It is Said.

Mr. George A. Laughlin, of this city, who is associated with a number of local capitalists, will shortly enter the iron and steel trade, independent of all combines, so it is asserted. For some time the syndicate has been endeavoring to secure the thirteen-acre tract George Dorsch, of that place, but the latter placed a prohibitory figure on the land (said to be \$2,000 an acre), which the syndicate could not see its way clear to give.

Mr. Laughlin and his associates then turned their attention to other quarters, and the result is that Martin's Ferry and a big industry. Happily, the syndicate does not go out of the Wheeling district, and in a measure this city will be benefited by the selection of the site that has been made—the old Brilliant mill property at Brilliant, Ohio, opposite Wellsburg.

Mr. Laughlin and his associates have purchased the Brilliant property from George W. Eckhart, cashier of the People's Bank of this city, who is the trustee for the bondholders of the old Brilliant company. In the deal is included thirty acres of surface, together with 500 acres of coal. The site is admittedly a good one for any iron or steel industry.

It is stated that the new concern will either produce sheets or bolts.

## MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

The National Glass Company's plant in this city shut down Thursday night, as a result of the strike among the "carrying-in"
